

PROJECT #9

“PROGRESSION”, A 3D STORYBOARD

Create a three dimensional story board based on the theme, “PROGRESSION”

This can be anything! For example you can show the process of creating a vase from clay, or the life cycle of a chicken, or a plant, etc.

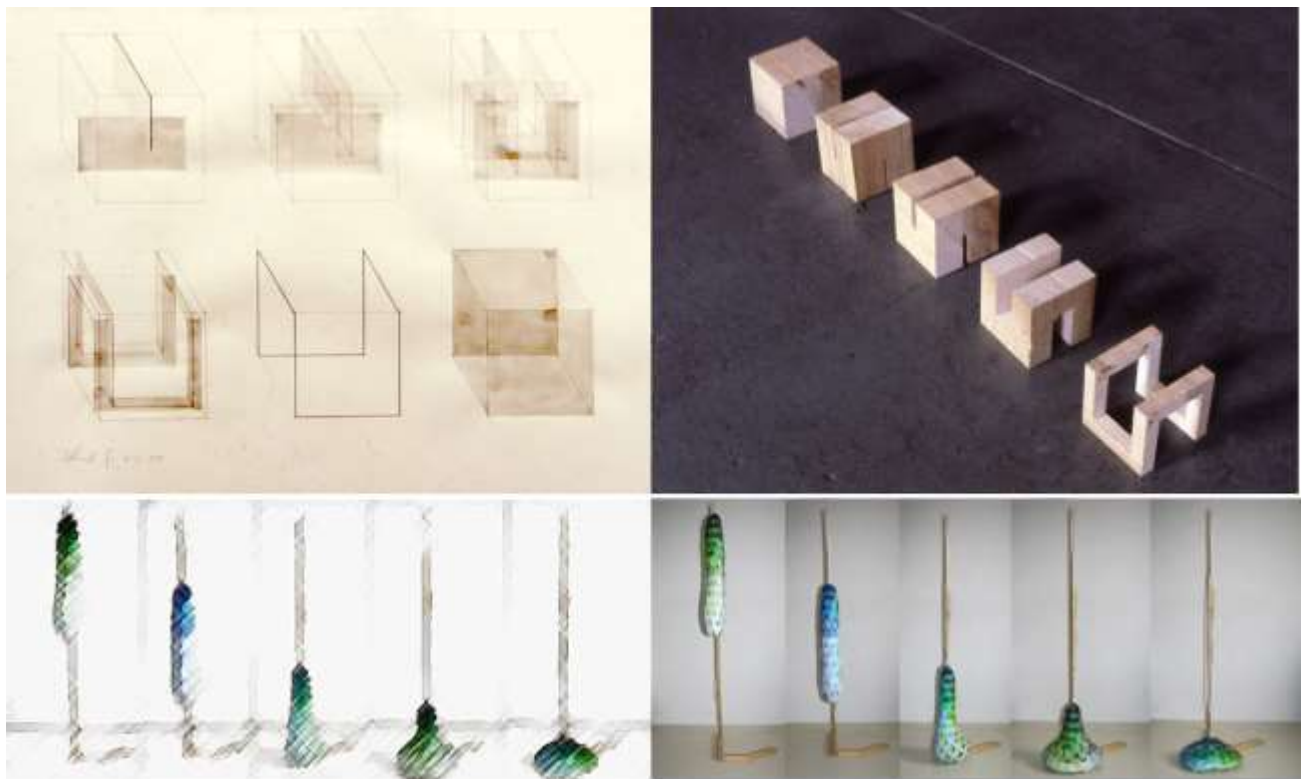

Materials:

Your choice!

Think about a progression from beginning to the end and summarize your idea into 5 steps.

In your sketch book, sketch the 5 steps. Step 1 should be the beginning and step 5 should be the end. See examples below.

Don't forget your name, course number (THEA 2400 DESIGN AESTHETICS), project's name.

Grading: Presentation quality, design process, use of material, creativity, execution
