

Collage Creative Assignment

This Collage Creative exercise is geared towards college students but it is also appropriate for those in high school. This is a creative way to elicit responses to a theatre production. It allows students to create focused responses in a creative manner.

While an audience member at this evening of theatre I want you to listen carefully and write down 4-6 lines that strike you as extraordinary. There must be at least two lines from each act...and possibly even three. These lines could be funny, silly, poignant, thought-provoking...anything that gives you pause and causes some sort of emotion. This, along with being a brilliant audience member is what you do while at the production.

After the production choose **one line** out of all those you wrote down and create a **collage** of the quote you connected to the most. The definition of a collage is as follows:

1. An artistic composition of materials and objects pasted over a surface, often with unifying lines and color.
2. The art of creating such compositions.
3. An assemblage of diverse elements

You can literally cut and paste or you can do this in the computer with computer aided technology as well. Either way is acceptable.

Remember to use your Explorer, Artist, Judge and Warrior when creating your collage. Push and challenge yourself to go outside your comfort zone.

Requirements:

- It must be on unlined paper at least 9 X 12 up to 11 X 14.
- It must contain the line from the play.
- It must contain some reference to three of the five senses.

Rubric -	4-6 lines captured from the three shows and turned in on a separate piece of paper	50% ____
	All three requirements are included on collage	20% ____
	Collage is neat, readable, and shows attention to detail	15% ____
	Creativity in interpreting your chosen line.	15% ____

Exercise Contributed by Sharon Paquette

Sharon Paquette is a theatre director, actor and professor. Sharon, who has extensive experience working on plays and theatre related activities with prison inmates, has a BA, from Westminster College; a Med from Plymouth State College; and a MFA from Goddard College
